Term 3 has been another very busy term, with many outstanding achievements and initiatives taking place. I was fortunate enough to have my role as Principal extended for the remainder of this year, which I am continuing to thoroughly enjoy. I can also announce that with the support of our Governing Council, I will continue in this role for the whole of 2024, with the intention of it being advertised mid next year for a 5-year tenure. In saying that, I am about to embark on a previously planned overseas holiday for 9 weeks with my daughter. David Thompson will be stepping into the role of Principal in my absence and Amy Holmes will be the Kurra Community Leader. I will be back in Week 7 of Term 4, to finish the year off and finalise staffing for 2024. The travel bug doesn't stop with me, Paul Frost will also be taking leave for Term 4 to enjoy a family holiday.

Staffing for 2024

We have been extremely busy running panels for various teaching and SSO positions for 2024 and beyond. Below is an outline of the positions that have been confirmed for 2024.

SSO's:

- Social Worker – Chris Patzel
- Kurang Wellbeing Manager – Meg Malseed
- IT Manager – James Braddy

- Lab Manager – TBC
- SSO1 Classroom Support – TBC
- SSO2 Behaviour Support – TBC
- Teaching:
- Math/Science – Jacob Reeves
- English/HASS – Sarah Dent
- Math/HASS – Jasmine Boisvert
- Specialist Math – Kirsty Chalker
- Arts/Home Ec – Debby Mansell
- HPE/Outdoor Ed – Sallyanne Morgan
- Special Options – Lance Pedlow
- Math/Science – TBC

Leadership:

- Principal – Caroline Wakefield
- Kurang Community Leader – Sarah McCarthy
- Kabir Community Leader – Jackie Poumako
- Marma Community Leader – TBC
- Triyn Community Leader – Laura Hunt
- Career Pathways and Development – Patrick Rudd
- English Coordinator – Shay Merrett
- HASS Coordinator – TBC
- HPE Coordinator – Ben Papps
- Mathematics Coordinator – Kelly Albanese
- Science Coordinator – Andrew McGregor
- SASSTA Coordinator – TBC

PRINCIPAL'S ARTICLE

Demountable Buildings

Many of you will have noticed the building work that has commenced near the Home Ec buildings. The students certainly enjoyed watching the demolition of the old bike shed and bus shelter. In their place we will have four new classrooms for general teaching purposes in the form of two demountable buildings, which have been funded by the Department due to our growing enrolments. These are due to be delivered during the school holidays for a November completion.

R & R Space

Late in Term 1, Matt Kurzman and myself attended the Stronger Connections Conference, which focused on Trauma Informed Practices. As a result of the outstanding sessions at the conference, Matt and I organised site visits with two schools who are leading the way in Trauma Informed Practices. Based on the information gained, we had a number of ideas that we would like to implement here at Grant High School, starting with the implementation of a co-regulation room.

This term has seen the implementation of the Reset and Return (R&R) space, a non-punitive space to help students manage their Zones (feelings/energy/states of alertness). This space has been set up in CO3 and is currently staffed by three SSO2's, Kylie Schultz, Helyn Young and Judith Praolini. Only one of them are in the room at any given time, but their role is to support students with regulating their emotions so they can successfully return to the classroom ready to learn.

Any student is eligible to access the R & R Space and may do so during lesson time only. Staff are encouraged to gently recommend the use of the R & R Space for students who appear unregulated or are not in the learning zone. Students may also self-refer to the R & R Space if they are feeling the need to access support. The R&R room is being utilised successfully. Feedback from staff and students has been

positive and we are seeing some of our most at-risk students developing beneficial strategies to regulate so they can be more engaged with their learning.

Knockout Sport

This term we have participated in numerous local rounds of Knockout Sports. Our Year 9/10 Girls Netball team were fortunate enough to win the local round and advance to the finals in Adelaide. With the support of Amelia Redman and parent volunteer, Melissa Russell, the team played a stellar competition, earning the title of State Runner-Up's, a fantastic achievement they should be very proud of. Congratulations to Penny Coleman, Gracie Dalton, Georgia Gentile, Eadie Mustart, Chloe Peacock, Shayden Russell, Imogen McGregor and Macy Pearson on their outstanding efforts.

Early next term our Year 9/10 Boys and Girls Basketball Teams will be advancing to Adelaide for the state Knockout final, again supported by Melissa Russell. I would like to personally thank Melissa for her time and expertise.

As I previously mentioned Term 3 has been another very busy term. I would like to acknowledge and thank everyone for their dedication and support for the term and wish all staff, students and families a safe and relaxing holiday.

SCHOOL SPORT—9/10 KO BASKETBALL

Congratulations to both year 9/10 boys' and girls' basketball team on making it through to the finals in Adelaide in early term 4. Both teams showed great teamwork and communication throughout the day. The boys managed to go through undefeated. The girls grouped together after a 1-point loss in their first game to win the final against Mount Gambier High School in a convincing manner. We wish them the best for the finals.

Written By Ben Papps,
Outdoor Ed & PE Teacher.

9/10 KO NETBALL

Congratulations to our 9/10 KO Netball Team for becoming State Runner-Up Champions! They topped their pool in the minor rounds with wins against Loreto College, Nuriootpa High School, and Kadina High School. The Grand Final against St. Francis De Sales College was intense, and despite a power outage, our girls showed strong defense and teamwork. St. Francis eventually secured an 8-goal win, but our girls should be proud of their dedication and conduct. Special thanks to parent volunteer Melissa Russell for her support.

SCIENCE AND ENGINEERING CHALLENGE

On Wednesday 16th August the annual Science and Engineering Challenge was hosted by Newcastle University at Wulanda Recreation Centre. Seven schools, including Grant High School, were invited to participate in a variety of activities encouraging out-of-the-box thinking around the topic of STEM. Students constructed bridges from popsicle sticks to withstand over ten times their weight, designed towers that could remain intact in an earthquake simulator while carrying weight, and built suspension systems for miniature Mars Rover prototypes. The competition saw frustration, exhilaration, and fierce competitiveness, and after a nail-biting reveal of placings, Grant High School was announced the Regional Champion School, topping the six other schools from the region. Grant finished second in the state overall, missing out on the chance to compete in the national competition by a mere 71 points. Despite the close defeat, the team celebrated with icecreams purchased by Mr McGregor afterward.

Science and Engineering Challenge Participant.

SA ROAD TRANSPORT ASSOCIATION—HEAVY VEHICLE SIMULATOR

Many Grant High School and Independent Learning Centre students experienced an introduction to truck driving last week thanks to the South Australian Road Transport Association's Heavy Vehicle Simulator. All students thoroughly enjoyed the experience, with most considering a pathway into the automotive, agricultural or forestry industries.

With thanks to Corey and Murray from the South Australian Road Transport Association, Wendy Fennell from Fennell Forestry, and Josh Praolini from Green Triangle Forestry Industries for bringing this opportunity to our school.

STAGE 1 CANOE CAMP

In week 8, one of our Stage 1 Outdoor Ed classes travelled to the Glenelg River where they participated in a 3-day canoe camp.

The weather conditions were perfect, and students loved taking part in canoeing with a total distance of 35km travelled over the 3-day experience. It was great to see the students work together and develop their skills and knowledge of the outdoors, including cooking on a trangia and minimal impact strategies.

Thanks to Paestan Canoe Hire for allowing the camp to be successful.

Thanks also to Mrs Merrett, Mr Gibbs and Shelby for their assistance.

2024 BENDIGO BANK SCHOLARSHIP PROGRAM

Community Bank
Mt Gambier & District

14 September 2023

2024 Bendigo Bank Community Bank Mt Gambier & District Scholarship Programs

From 1st October 2023 applications open for the 2024 Bendigo Bank Mt Gambier & District scholarship programs.

Scholarships are available to academically outstanding students whose financial or social circumstances limit their tertiary aspirations.

A scholarship helps cover study and accommodation costs that rural and regional students face in their first years of tertiary education.

We'd love your help to spread the word among your Year 12 students.

I've enclosed information detailing the scholarship criteria which includes student academic achievement, community involvement, leadership roles and details of their financial and/or social disadvantage. For the first time we are also offering an open scholarship to people who are not immediate school leavers and are undertaking tertiary study for the first time.

Applications close on 31st January 2024. To apply, visit bendigobank.com.au/scholarships.

Feel free to contact the branch on 8726 3200 or at info.mgdfs@gmail.com to discuss our scholarship program further.

Yours sincerely,

Emma Horrigan
Branch Manager
